THE COLD SNAP.—After a siege of wet and gloomy weather, we have had clear skies; but not without a frost of more or less severity, which we understand higher up the country was pecceded by some sleet. Saturday and Sunday were unpleasantly cold days, and Monday morning sealed the fate of tender garden vegetables, and we fear the young peaches also. Although apparently not so disastrous in the town, we learn that frost and inchare here very visible a few miles in the inteice have been very visible a few miles in the interior. We hope for the best, but are apprehensive that the fruit country about Aiken and the upper country generally will be minus a crop this sum-mer. As the planting has scarcely commenced, we presume we might reasonably hope for better things to come .- Georgetown Times.

DRY GOODS MARKET.

Market has been quite lively all the week, but the weather thus far has been too cold for much activity in thin summer fabrics. The amount of such stock in the aggregate at this season of the year is always very large, and if it does not move off rapidly at the proper time there is danger of heavy losses. However, a few days it is hoped will drive away all anxiety and develop a brisk demand for all descriptions of goods. The market has been lower for nearly all kinds of merchandise, and stocks are believed to be accumulating with a large proportion of our manufacturers. The display of goods in some of our large warehouses is magnificent beyond description. Indeed, there is no place in the world which can compare with New York in this respect. Brown sheetings are in demand, but prices are a shade lower and the stock is accumulating. Best brands ble ched goods continue active and firm; other less popular makes are lower. Drills are selling freely, and some styles are a shade lower. Prints are lower, owing to fallures in Providence and the goreral tendency of merchandise downward. New spring styles are, however, very active. Two large bills from a Lowell manufactory have been sold within a few days, one amounting

Financis are dull. Biancets are irregular in prices, without much demand. Foreign goods seem to be wanted, but buyers expect lower prices except on the richer class of dress fabrics, which are selling more freely. Fine black goods in silks, delaines, &c., are wanted. The market closed with increased activity, and If the weather is warmer the coming week an old-fash Boston Boot and Shoe Market.

Boston Boot and Shoc Market.

BOSTON, March 21.—The demand if anything is a little higher, but with the receipt of some orders, and with a few buyers still here, trade is fair for desirable goods, and there is an improved feeling with the trade as a whole. It has been a general remark with the trade this spring that a majority of buyers here take smaller parcels than usual; hence a second call is expected, which will prolong the spring trade later than usual. The demand for coots and shoes for New York has been light this spring, being but little more a than one-half as large as that of last year, when the demand continued quite active up to the middle of June. The California trade has been much better this spring, the clearances of goods being nearly double those of 1866. This, with a larger Southern Market, has kept the shipments almost up to those of last year for the same time. In prices the market continues about the same as at former dates for goods on hand. But for more desirable goods and for those made to order the prices are firmer, with a tendency to advance, it being impossible to manufacture at the prices of stock of all kinds are considered. The total shipments of boots and shoes by rall this week have been 17,964 cases. The total shipments of boots and shoes by rall and sea for the week have been 20,620 cases.

THALBERG'S OPINION. I consider Chickering & Sons' Pianos, beyond com-parison, the best I have seen in America. 8. THALBEBG, Chairman of Jury on Musical Instruments

CARD.

It is with feelings of pride as American manufacturer; that we publish the following testimonials, which have been received by us recently:

EUROPEAN TESTIMONIALS.

Revelved during the month of August, 1868. LONDON, July 25, 1867. CHICKERING & SONS-Gents: I have much

composers, misicians and professors in aurops. I det-your Pianos in such high estimation (wide my certifi-cate) that I felt it my duty to take one of them with me to Europe, to ascertain the opinion of my professional brethren. The enclosed certificate will prove how unaximous they have been on the subject. I beg to forward, at the same time, a letter I received from my briend, Mr. Collard, which I am sure must be gratify-Ing to you.

I have the honor to be, gentlemen, yours very truly,

LONDON, January 14, 1866. James M. Wehli, Esq.:

My Dran Sir: I have great pleasure in asking youto convey to Messrs. Chickering the expression of my highest approval of their instrument. It is, I consider, not merely the best instrument of American manufacture that I have tried, but one of the figest Grand Planoture that I have tried, but one of the figest Grand Planoture that I have tried, but one of the figest Grand Planoture that I have tried, but one of the figest Grand Planoture and

the that I have tried, but one of me fuest value I have fortes that has ever come under my observation; and the Messrs: Chickering may well be proud of having turned out from their manufactory an instrument which, for touch, quality, power and workmanship, it would be very difficult to surpass in any part of the Dear sir, very sincerely yours, OHAS. D. COLLARD, Firm of Collard & Collard, Plano-forte Manufacturers

James M. Wehli, Esq.:

My Dean Sin: As you are going back to the United States, I must beg you to remember me kindly to the Messrs. Chickering. Tell them I was delighted with their Grand Pinne-forte—as good an instrument, I think as was ever turned out, both in touch analter.

Wishing you, &c., I remain ever tilly,

Mesers. Chickering & Sons:
GENTS: I have just been invited by Mesers. Collard to
try a Grand Plane-forte manufactured by you, and I
have no hesitation in endorsing the opinion of my old
friend, Mr. C. D. Collard, viz: That it is the finest inriend, Mr. U. D. Strument I ever played on.
Believe me, gentlemen, most faithfully yours,
J. L. HATTON.

Testimonials from the most distinguished Artists in Europ to Messrs. Chickering & Sons:

London, July 25, 1866.

Having played upon a Piano-forte made by Messrs.

Chickering & Sons, of Boston and New York, I have much pleasure in testifying to its general excellence.

For sweetness and brilliancy of tone, delicacy of touch and magnificent power for concert purposes, I consider it a really Grand Piano-fortz, and Decided to the property of AMERICAN MANUFACTURE. LT THE BEST I HAVE SEEN OF AMERICAN MANUFACTURE

Among the chief points of excellence of the Chickering Pianos, of which speak the renowned artists in their congratulatory testimonials to the Mesgrs. Chickering, are the greatest possible depth, richness and volume of tone, combined with a rare brilliancy, clearness and perfect evenness throughout the entire scale; and, shove all, a surprising duration of sound, the pure and sympathetic quality of which never changes under the most delicate or powerful touch.

During the past forty-three years this firm has manuscitured

80,000 PLANOS,

In the construction of which they have introduced every known and valuable improvement. They have invaria-bly been selected and used by all of the world's ac-knowledged great artists who have visited this country professionally, both for private and public use.

THALBERG. I consider Chickering & Sons' Pianos, beyond com-parison, the best I have ever seen in America.

GOTTSCHALK.

I consider Chickering & Bons' Pianos superior to any In the world.

They are unrivalled for their singing qualities and for the harmonious roundness of their tone. There is a perfect homogeneity throughout all the registers. The upper notes are remarkable for a clearness and purity which I do not find in any other instrument, while the base is distinguished for power without harshness, and for a magnificent sonority.

WEHLL.

Your Pianos are superior to any I have ever seen in Your Planes are superior to any I have seen in this country or in Europe.

I have never heard a tone so perfect; it yields every expression that is needed in music, and its quality is capable of change to meet every sentiment. This is a rare power, and is derived from the perfect purity of its tone, together with its sympathetic, elastic and well balanced touch.

POZNANSKI.

During the past eight years I have constantly played upon the justly celebrated Erard Pianos; yours are the only instruments that I have found, either here or in Surope, to equal them in all their points of excellenc It may be satisfactory to our patrons and friends among the public at large to state that testimomals have been received from all the leading artists who have visited or are now residing in the United States, a few of whose names, besides those above, we append: LEO.
